“ I will miss Tony! I had the pleasure of taking care of him at Green oaks. He would always have a smile on his face and it would light up the room. My thoughts and prayers go out to his family.

“ To All the Gheradini Family, my deepest condolences for the passing of Tony Gheradini, may his memory always be a blessing. I worked with Tony for almost 10 years when I was in CAPD Engineering at Abbott Labs. Tony was one of the most enjoyable people to work with, always telling a funny story, or providing much needed assistance with my chemical projects. I was very lucky to have worked him when I started at Abbott - he always seemed to have the coolest head when everyone else was ready to abandon ship. I know he will be greatly missed.

“ Thank you Ron for sharing your memories! Even in his personal life he had the coolest head in the room. John Gherardini

John Gherardini - January 04 at 08:53 PM

“ Hi Ron. Thank you so much for the kind words. Tony loved working with the rookie engineers to show them the ropes. It meant a lot to him and he shared many stories with me.

I hope you are doing well! I remember working with you in Puerto Rico on the thermal oxidizer at ACP. Great experience!
