“ Ken and I offer our sympathies to all of you. We have so many memories of Justo. For many years we lived on George Drive just around the corner from where you/he had lived for so long. I often walked by and it wasn't unusual to have the sight of the house bring up a memory. He gifted us with many items when he moved, including his paella pan, and a big knife. Always think of him when they are in use.

A wonderful friend, a great favorite of Ken's in the department and was much missed when he returned to Spain. We used to look forward to his call at Christmas when he was in the states.

“ My sympathy to the family on Justo's passing. He was my colleague in the Department of Radiology for many years. He was a superb radiologist and a treasured friend.

“ It is with deep regret and sorrow to learn of the passing of a long-time colleague of so many years at Marshfield Clinic. Justo was a very excellent radiologist and a great colleague with whom it was a pleasure to have known and worked. Condolences to his family on his passing.
