“ I met Sabine through our mutual employment at Revcor, Inc. in Carpentersville, IL. Her sharp sense of humor and willingness to help everyone is sorely missed. We used to have a great time decorating for the holidays and talking about the crazy things our pets would do. I always respected her no-nonsense take on things and the way that she stood up for herself and others. She worked hard and brought a brightness to the office with her craft skills for sure, but also with her big smile. Miss you, girl.

“ My first and most cherished memories of my mother come from the very early years of my childhood. No matter how difficult it was with three little ones or how little money we had, we always did some amazing adventure with her. She took us to the library, the pool, walks in the woods, nature hunts, bike rides, to different parks all over the county, camping, and so much more. She made the best of everything and gave us everything she could. I will always try to take some of that and use it in raising my own son 💕 I love you mom. Thank you for all the amazing memories, adventures, and love.
