“ I worked at Winchester House and spent a lot of time visiting with Al. I am involved with the VFW in Lake Villa and had first met him in December 2018 during the Second Brigade Veteran's Holiday party. I uploaded the photo I took of he and Santa just 6 short months ago, so I hope that you enjoy that!

When I spent time with Al, it was wonderful reliving his stories of the beautiful girl he met before he headed off to war and returned to her when he came home. He joked that he had to wait one full day because his mom would've been really upset had he left any earlier to walk several miles to his sweetheart's house.

He told me he was lucky enough to take her hand in marriage and enjoy a wonderful life with her.

He talked about his amazing grandchildren and great-grandchildren and how much he loved them all. He said he always tried to give his grand-kids money for the treats they brought him but they'd always refuse.

He was amazing, loving, caring and such a joy to know. I know that he and his bride are together again, holding hands and dancing the nights away now.

God's peace and blessings to his entire family. You all have so much to be proud of with such a wonderful role model, WWII hero and true gentleman.

Sincerely, Katie Makey

MY

“ *My name is Marina and I was one of Albert's nurses at Winchester house. I took care of him the whole 8 years that I have been there and Irene as well while she was still alive. My most fond memory of Albert was when the Chicago Cubs won the World Series. I went into his room and there were tears coming down his cheeks. We shared such good conversations about sports. I will miss him dearly*
