“ Our sincere condolences go out to your family. My family loved Angela with all our hearts. Angela cared for my son Christopher and daughter Meghan when they were babies and continued to watch them for a number of years until we relocated. Even though she couldn't sit for us anymore, we remained friends and said many prayers for her during her illness. She was always a ray of sunshine when she came through the door, was so thoughtful, kind and of course hardworking. May she shine brightly from above on all of those that loved her, and I know there are many! Bless you and your family, we are sending many prayers your way. With love, Lisa & Brett Anderson
