“ *There were many mornings I came into the church to teach at CWPS, welcomed by the beautiful sound of the organ being played by Carl. He would always pop into my classroom where we had many nice conversations before the children came to school. He was a wonderful man who will be missed by many. My deepest condolences to his family.*

“ On many school mornings, Carl would greet me by opening the Cross Ways PreSchool doors with a cheery smile and those twinkling eyes. I will always remember and treasure the memory of how he regularly welcomed me into that very special place.

*I knew Carl from our music classes together at Wright College back in the sixties. I will never forget him demonstrating a passage from Bach's Dorian Fugue (for organ) on the piano. He said melted him every time. I was listening to it again last night. Bach melts my heart too!*

*Carl was a fabulous musician and totally got (intrinsically understood) the music of Bach. I realize my condolences are quite late, but I got curious about friends from the past during this pandemic and sadly came across his obituary.*

*My precious niece also suffered from Guillain Barre Syndrome in 1999 when she was merely five years old. She was in Children's Hospital in Chicago and fortunately recovered.*

*My sincere apologies for learning this so late and sending my sympathy to Carl's family. Carl was a generous soul, often giving me rides in his big dark green car to O'Hare and such from the college.*

*May your precious memories of this wonderful generous man live on in all of you who loved him.*

*Sincerely,  
Wilma Johnson Short  
Vero Beach, Florida*

*“ I have many good memories of my cousin Carl. He was more like a brother to me. We spent wonderful summers at the lake. Learning to water ski was the highlight for Carl. He would go backwards on the skis at times. I will miss him very much. My deepest sympathy to the family.  
Love, Linda*
