“ My condolences to Mrs. Fujui and sons. I remember Dave as a good friend and co worker at Woodland Intermediate School. He was our librarian for many years. We started talking alot while we were on bus duty together. His son and my daughter both decided to join the marine corp. We shared stories about the things our children endured and enjoyed while serving our country. Both of our children joined a year or so before 911. After that tragedy, we spoke daily about what they were enduring. Anyway, Dave helped me get through those rough times and was a dear friend for many years. I will miss hearing that he is still fighting his health problems and enjoying retirement. He fought hard. Good bye dear friend! Mary E. Brubeck

“ I was fortunate to work with Dave his last year before retiring and heard many of his life's stories. He expressed the love of raising his boys and how proud he was of the work his wife did at her job and the church. He treasured his friends and love of his college years. I know he was a spiritual man and has found peace with God. I will always remember his bright smile the day I took his picture on the dragon at the Primary Library. I wanted him to have a keepsake for his self and his family of his dedication to the library. Dave your memory will live on and will be missed.

“ *Dave was a great man and a good friend. We worked together at Woodland for many years. I was fortunate to have attended his retirement party last June and have had the opportunity to say goodbye. Dave and I had a lot of good times and many laughs when we worked together in the intermediate building. My thoughts and prayers are with his family.*

“ *I have known David for years from being one of my favorite patrons at Cook Memorial Library. David always came in with a smile on his face and a funny story. We had running and music in common, so we had alot to share. We will truly miss seeing you around the library.*
