“ *What an amazing woman Flora was. From her love and knowledge of jazz to her kindhearted spirit, I remember her well and will continue to think of her with fondness. Sending sympathy and wishing her family comfort during this difficult time.*

“ *Flora was a true and very good friend for all the years I've known her (at least 60?). She's been supportive when I needed her and fun to be with when we just wanted to enjoy ourselves. I MISS HER!*
