“ Nana Geri was so sweet and funny. She had me and Kevin over for lunch several years ago and was so kind, funny and a great hostess. She was so silly and always up for a good laugh. She had such a positive attitude. She loved talking about French culture and health/wellness. She always told us not to drink anything during meals and I was so confused about that and teased her about it; she always took it in stride. She was so proper and we shared a laugh about how casual my generation is about everything. We had a great time. That day is one of my favorite memories of her. She will be missed. It makes me happy to think of her reuniting with Papa Kolb up in heaven.
