“ Uncle Jacque was always the "cool" Uncle of the family. At the family reunion parties at the forest preserves he brought his own chair and six pack and hung out away from the group. We would go to him to be greeted with a big smile, handshanke and "whats happening". He was always willing to share his family pictures and videos and talk sports. He came out to see my son Nick play baseball in Crystal Lake several times with Aunt Rita. It was special to look over and see them in their chairs watching and rooting for Cooter. Growing up without a father I looked to all my uncles for stories about my Dad and their life growing up. Uncle Jaques worked with him and shared some great memories, meant a lot.

“ Jacques "Jack" lived in the unit down the hall from us. He was the best neighbor that you could have. He will be missed tremendously. We were so saddened to hear the news of Jack's passing. In the past 2 years, we shared some very good times with Jack. He was an awesome photographer and enjoyed sharing his passion and his artwork with us. Jack loved trains and remote control planes. One day, Joe and Jack went to a hobby store and picked out a really nice plane. Jack looked so forward to flying that plane but wanted to wait til he was feeling a little better. Jack also loved to garden. On a beautiful sunny day in September, Jack really wanted to plant something for his patio. So we spent the day at Platt hill nursery and he picked out some nice flowers for the planter on his patio. We spent the afternoon sitting on his swing, chatting and taking turns planting each little flower in his pot. He was soaking in the sun and was happy that afternoon and loved the masterpiece he created. I will cherish the memories from that great day. He is in our hearts and will be missed greatly. Sincerely, Joe and Christina

“ Jack, we enjoyed spending time with you. We couldn't have asked for a better neighbor...(well, except for Estelle!) It just won't be the same without you. Thanks for the secret back road scenic drives around the Crystal Lake area. I'm sad that we never made it to the butterfly farm in St. Charles last season. I wish we had. We had some fun times that we will treasure forever. Joe and I will miss your company. Thank you for sharing your stories with us. We will miss you greatly. You will always be in our hearts. Sincerely, Christina Weiman and Joseph Loeffler (Lake In The Hills)
