“ I was devastated to hear that my childhood friend has passed. My condolences to Bob and Candi, Deanne and Sean, and to Jarrett's children. I'm sorry I can't be there in person to say goodbye, but every time we think about where we grew up he'll always be remembered as one of the original kids in the neighborhood.

“ I had the privilege of having Jarret in my Research class. He was a very kind man and a good student. You could tell how proud he was of his family as he would light up when he mentioned his children. I hope the family can find peace from their wonderful memories, He was a very special person.

“ I had the opportunity to know Jarrett very well over the past two years in our MSW program through Loyola. We worked together on several occasions and enjoyed ragging on each others sports teams. We motivated each other through some difficult classes smiling and joking the entire time. Jarrett made graduate school more bearable and he will be missed. I just talked to him before Memorial Day weekend so this news is hard to swallow. I hope those close to Jarrett will find the courage to be strong, because that is what he would have wanted. This has been the hardest few sentences of my graduate career to write and I feel empty right now. I wish his family the best and just know I was glad to call Jarrett my friend.

“ My heart goes out to the entire family. I will add his name to our memorial mass tomorrow. He was an extraordinary man with a brilliant mind, quick wit and great compassion. He will remain in my prayers and his presence will be missed. He always spoke of his love for his family and his children. May his children always know how much he was appreciated and how greatly he was loved by all that knew him.

“ *I had the privilege of having Jarrett as a student for four classes while he was getting his degree at Loyola. I have always appreciated his insightful comments, the way he would challenge me as an instructor to "make it real", and his questions that would allow for deeper exploration. On a personal note, I enjoyed Jarrett's presence in my classes and valued his wisdom. Our community has suffered a great loss. I hope those of you in Jarrett's family know what an amazing man your son, friend, partner and dad he was. He was destined to make such a difference in so many peoples' lives. I give my deepest condolences.*
