“ *Prayers to the family and my friend John. I look back to when I was much younger and John taught me a lot in the days of Appraisals. I remember one time doing an appraisal late at night with Flashlights in CT in a very large plant. Always enjoyed John Personally. My kids and wife enjoyed John also in our younger days at conventions. God Bless*

“ *I had the good fortune of meeting and working with John just over 20 years ago. I realized quickly he was a special person. He brought light and energy into everyone that came in contact with him. I will always remember his voicemail ending with "Have a Great Day" And he truly meant it. He made the world better...he made us better. His spirit and the many fond memories will stay with me forever.*

“ John was an inspiration to Jim, me, and many other MDNA members. He demonstrated how expertise, integrity and hard work partnered with our peers leads to success and great friendships. John was always ready to listen, give encouragement, and pitch in where needed. He is missed.

“ John was a great man and a devoted grandfather. It was always a pleasure to see him at Joe and Mia's school events. He clearly loved being a grandfather and his grandchildren will no doubt cherish the memories they have with him. My deepest condolences to Patty and the rest of the Josko family.

“ John was a friend and a master of knowledge. Always a friendly greeting. Always willing to help a friend. Had the answers to all machinery and technical questions. If there was something that he was not an expert of--I never had an inkling of it. John was just a great guy and we all will miss him dearly.

“ Patti- We all lost a good one when John left. He completed us. It will be no easy task to move forward but he would have wanted us to. We are so glad you stopped by this past summer..it had been decades since we last talked. but it was like we never were apart..John made everyone feel that way. I'm sure we both know where to look for him when our time comes. We are so sorry for your loss. Bill & Susie

“ I only had the honor of meeting John a handful of times over the past couple of years with AMEA and MDNA, but each time he greeted me as though we were old friends. I wish that I would have had more time to learn from him. His wit and wisdom will be greatly missed. Sending prayers of comfort to John's family and friends during this difficult time.

“ I and my wife Erika had the pleasure of having John's company at many MDNA functions. Whether it was lunch or just hanging out by the pool, you could always count on John's stories, quick witted sense of humor, and laughter. The same holds true when my son Cody and I came and sat with him at Cub's games. As a "pioneer" in our industry he will be missed. As a friend, he will not be forgotten. The last the last correspondence I got from John was he was getting a new address. Enjoy your new home. PEACE

“ My husband Ray and I were just notified of John's passing. We met the Joskos through NPSRA about 8-10 years ago. Ray was John's successor as Commodore of the club. Joining a club, and learning to race can be intimidating but John always made us feel comfortable, and we appreciated all the sailing tips that he shared with us. He was so interesting to talk to, gentle, and gracious. My only regret is that we didn't see him (or Patty) over the last 3 years. Where does the time go? Patty, Ray and I are praying for peace for you, and your boys families. We are very sorry you are having to take this journey. God bless you. Fondly, Ray and Tracey Macklin

“ Dear Pat and family, We didn't see you often but, over the years, we have heard of your many adventures through Mady. We admired John's gusto for life and experiences. His passing saddens us, but when we think of him, we realize he didn't waste a moment of his time here on Earth and has left behind wonderful memories to cherish. Please accept our sincerest condolences on your loss.

“ *My sincerest condolences to the Josko family on the loss of a great man. I worked with John some 20+ years ago but stayed connected nonetheless. I first met John when he interviewed me to come to GE. Capital. As he did with everyone who met him, he made me feel that he genuinely cared about me as a person and continued to demonstrate this over the years since. I feel very fortunate to have known and been friends with John.*

“ My deepest condolences to the Josko family on the loss of this gentle man. I attended Husson University with both John and Patti and pledged T.K.E fraternity with John, who we affectionately called the Moose. While large in stature, John was gentle in nature; he was quick to laugh, was a pleasure to with and was willing to help everyone. It was an honor to call him brother. I offer my sincere thoughts, prayers and well-wishes during this dark time in your life.
