“ I am truly devastated over the loss of Karen from this earth, I especially send my deepest condolences to her beloved husband, Ted and her two wonderful daughters.

Karen and I met while working at Hospira, turned Pfizer- although not in the same department, we passed each other so much throughout a day we formed a friendship that was lovely and one I looked forward to each day. Our pass-by conversations about our children, our families, cancer, kitchen remodels and life in general were always a true pleasure. After I left the company, we continued our lunches meeting up every so often and was always such a great time meeting and catching up on life from each others side. Karen having such a green thumb, I was blessed to have received some great plants and bulbs from her years ago that still grow in my yard year after year- I hope they continue to for a very long while to come. I think of Karen each and every time I see a bloom in my yard from her.

Cancer is pure evil and I am so very sorry it took such a wonderful human from all of us. I do hope that all of her years here on earth bring good memories and smiles to all who knew and loved her.

Love, Faith and Hope at this time.

Thank you for sharing

“ I am so sorry for the loss of your mom and wife. Karen was a wonderful person, I worked with her for a few years and always found her to be so kind. We would talk about her yard and her flowers and I know how much she loved it. Karen never ever complained about the cards she was dealt. The earth lost a wonderful person and beautiful soul. May your memories help you they this very difficult time.

“ I was blessed to have worked with Karen at Hospira. She was a rock. She always made time to talk and be a shoulder to lean on when needed. And there were times I needed her.

She was a delight! I miss her.
