“ *To Bryon, Debbi, Kyle, Kourtney and All who loved Linda, I came home from her memorial this evening and wished I had spoken. What I want to say is when I think of my time with Linda I laugh. I worked with Linda 2007 through 2012. Our work area was face to face lol through window on cubicles. I admit when we first met she scared me. She spoke her mind and yes as others recall, she could be sarcastic. It took no time for me to realize very simply she was just honest and genuine. Even when she would disapprove of something I did or said and would scold me, I couldn't help but laugh, which in turn would make her laugh, because even she knew her bark was worse than her bite. I have so many stories but the main point is that she had the same effect on many. That effect was fun, joy, laughter. She will be so missed but never forgotten. I know the past few years were so hard, and to her family, how so proud she was. Debbi, you became her Angel!!!! God Bless Love, Tammy* ”
