“ *I'm both shocked and saddened to hear about Marc's passing. Marc was first a co-worker and eventually became my supervisor in the R&D Group at ITW Paslode. Marc was great to work with and was an excellent supervisor and friend. We got to be pretty close during the time he was my supervisor and I became very fond of Marc and had great respect for him as an engineer and person. I take great comfort knowing that Marc is with his savior Jesus Christ and is at peace with Him in paradise! I pray that God will bring Marc's family great comfort during this difficult time and may your memories of him bring you great joy as well.*

See you later Marc!

“ I extend my sincere sympathy to Marc's family. It was my pleasure to know Marc during his many years with ITW. In that time, Marc and I shared many professional and personal experiences together as we ventured through life's journey of mountain top views, and valley lows. Marc was a knowledgeable engineer and a man with many passions, but it was clear, his most joy came from his family. I wish his family finds some comfort knowing that Marc had much love for them. “ I had the privilege of getting to know Mark through our work together at ITW. There are those rare instances and individuals that come into our lives that touch our souls...sharing humor, insights, dreams and inspiration....Mark was one of those people in my life and I'm sure to many, many others...a true difference maker. God bless him, his wife and son....long live his memory. Mike Dill
