“ *Dear Mike and family,
I'm so, so sorry about Peg's passing. I remember when she stayed with me in my postage stamp-sized studio in Lincoln Park when she came into town on business. She went to church with me, met you, Mike, and the rest is history. At least that's what I remember! You have a beautiful family of accomplished daughters, and that is a wonderful tribute to her. Lots of love to you all.*

“ *Dear Mike and family,
Although I didn't know you, I learned a great deal about you all as Peg and I became friends just about three years ago. She loved you all deeply! And the look of anticipation on Peg's face when she told me about Julie's upcoming birth showed how much in love she was with her already!!
Your wife and Mom meant a great deal to me even though our friendship was new. I will hold the special relationship we had close to my heart.
Please accept our sincerest condolences on your loss and know that Craig and I have you all in our prayers.*
