“ Marky you will always be remembered. Every time I come home I look at your front porch to see if you are sitting out there watching the cars drive by. Although I can not see you I know you are sitting in your chair just like you used to. I am going to miss you buddy, you were like a brother to me growing up. So much like a older brother that you pushed me off my bike and broke my collar bone. We have so many memories together that will not be forgotten. Don't worry, your family is strong they will get through the pain together. Love you Mark
