“ My family and I are so sorry to hear of the loss of your mom. Though I never met her the conversations we've had about her and the love and care you provided in her time of need represents the caring and loving person she must of been. Our thoughts and prayers are with you and your family.

“ Mrs. Cotey will always have a special place in my heart. When I was a little girl I would just show up at her door and she would let me come in and talk to her and usually had some cookies. There was something about her smile that always made me feel special. She was a good friend to my mom and just a very very special lady!
