“ Michael, you are my second St Michael! Your smike blessed me every time I remember you. The bravery, compassion and radiance of you, your wife and mother are gifts I will always carry! Thank you for being with us at noon Mass. You all brought Angels with you. The suffering you all endured was familiar to me because my father suffered well, as you did! WELL DONE good and faithful servants! There is still so much love coming through you even in your surrender of you physical presence! I can't think of your wife without feeling your love for each other! So tender, constant, powerful! My parents will love meeting you now in the Heaven you have so richly earned! Love you!
