“ I am late in the game on all this! I am so heartbroken to hear of Mike's passing and my heart goes out to all of the family. We were neighbors in Libertyville and would connect from time to time. I loved his spirit....always laughing - such a happy go lucky human being and a fantastic dedicated family man. Mike will be sorely missed!!!!

“ Mike was my mentor when I started working for Abbott. We had so many great trips together traveling all over KY and TN. A great teacher and many memorable events over the years. Mike played a huge role in my professional development and for that I am very thankful.

“ Hello Kate and family, it pains me to just learn of Mike's passing. It has been ~30 years since the Abbott Lab days, but Mike was one of my most favorite people. Funny, genuine, kind, mischievous, a good teacher, hard worker and loved you all very much. I have a lot of memories, like the time he broke my ribs just before a scuba trip to Bali. I remembered him everyday of that trip! The time one of his kids was sleeping in the high chair and he asked me NOT to wake the baby up, but picking the baby up changed that! Many memories, including every time I came over, the kids always threw food onto my clean shirt from the high chairs. I am sorry for your loss and my wish to visit him after so many years. I am out in Blue Bell PA now after living many places after Chicago with my family. Mike was my pal and I will miss him! With Kind Regards, John Geisler (john@geislerfamily.com)

“ Mike was a joy to be around and a great Abbott MDx team mate. He was known for his humor, honesty and dedication with a great bead on life. I especially appreciated his easy-going attitude in the face of challenges, his truthfulness and candor with and ability to creditably speak truth-to-power. He was a class act all around. My heartfelt condolences go out to the entire Cerney family and loved ones.

“ I met Mike in 2018 and was privileged to call him and friend and colleague ever since. He was passionate about helping kids with cancer and making the world a better place. He was also passionate about the Illini, so I'd get random texts either ecstatic or infuriated with our alma mater's play! Gone too soon. He will be sorely missed. God's blessings to his family and loved ones.

“ My deepest condolences go out to the entire Cerney family. Mike was a classic kid from a close knit Edgewater neighborhood where we all grew up. Athletic, good natured, and just a kind gentleman. I pray for the Cerney family today, my thoughts are with all of you.

“ I am an Abbott colleague, who as other have said, was very fortunate to have worked with Mike. Although, it's been a while since we worked together, I can readily recall his smile, his laugh and his total joie de vivre!
Eternal rest grant unto him O Lord. And let perpetual light shine upon him. May the soul of the faithful departed through the mercy of God rest in peace. Amen.

“ I had the pleasure of working with Mike both at ADD and AMD. Mike was my sales specialist for the LCX product line and then he was the Molecular products guru! Mike was always so supportive and so intelligent! He was always the person you wanted by your side when you were meeting with the top professionals in the molecular field. Mike always was happy to see you and made everyone feel special with his smile, kind words and his booming, welcoming voice! I was truly blessed to have known Mike! I am sure he is already blessing people in his Heavenly home!

“ Mike was a force of nature and the truest of friends. He convinced me to go into sales & supported me always. I will always remember the fun times & how he made you feel like the center of the world. He gave more than 100% to all that he believed in. His family was so integral a part of his life & he loved to talk about them & share personal stories. I hope that his family knows how deep and constant was his love for you!
