CH

“ Terry was very special. His lust for life, infectious laugh and willingness to offer a helping hand put him in a category all by himself. He was literally a life saver during the rough hurricane season in 1995 and I will forever be grateful. He opened my world with new and mischievous things to do while living on St. Thomas; driving a golf cart with no lights on, and drifting in a dinghy at night to look at the stars. Only be lulled to sleep by the sound of the water..and then, only to wake up and not know where you are. He will be sorely missed and was loved by everyone who knew him. He will always hold a special place in my heart. Rest in peace my dear friend.
