“ It has been 6 years since you have passed, from our Family there has not been a day that goes by that myself ,or your children don't think of you, you have left only love in our hearts for all the goodness that you have given to our family, and other families in Boy Scouts, I know you never wanted me to be alone after you died but there's no replacing you Michael when I would come home from work and I was walking up the stairs after a long day at work and 240 Mi round trip drive home you would always have that big smile from you when I walked up the stairs and you said Hi honey !! That's Irreplaceable and I think that's always been a chain reaction with everyone else that has shared the love in your heart, Brian and I we put a big beautiful boot on Your Grave, it reminds me so much of you when you would wear your steel toe boots and we put some sunflowers in it it's been a beautiful summer I hope we have a wonderful fall and winter, in all the beautiful seasons you're always on my mind and your children's loving you with all my heart your wife, Debbie
