“ *Its hard to believe your gone Mike . I have known you and your family since we were kids. I remember all the times playing kick the can and other games with all the neighbors on the block. I remember when everyone used to go in the back fields and ride dirt bikes or just hang out at the end of the street. It's those memories that I cherish. You and your family were my second family. I know you are no longer in pain. I'm gonna miss you mike . Continue to rest in heaven my friend . I know you are now with mom and dad and the three of you will continue to watch over your family. To the Progar family I am so sorry for your loss . My condolences to you all.*

“ Please don't feel guilty, it was time for me to go. I haven't really left you, I'm closer than you know. Just believe when you say my name or a thought comes to your mind , I'm standing right there next to you . And when your time comes, I'll be first in line to take you hand. Michael John you are loved and will be missed more than any of us are ready to deal with . You always had to be first in line for challenges . I love you always
