“ We would like to express our deepest sympathy on the passing of Neal one year ago today. Neal and I were co-workers till 1998. Over the years since leaving the hospital I thought of Neal and the friendship we had. Recently I was thinking of him again when there seemed to be something pulling at me to try to locate him. I decided to search his name when I could not believe what I had found. I am just devastated that my friend and co-worker had died. Neal was always such a kind and caring person to everyone and he always spoke very highly of his family. I remember while we were co-workers he invited me and my boyfriend to a home he had purchased for an open house. We were so happy for the invite and could tell just how proud Neal was of his new place. I will continue to think of you often Neal and I always have treasured the friendship we had oh so many years ago. Rest in peace Neal. Our paths will cross again. May your family find comfort in all the memories they have of you. I will be visitng the area soon and will be coming to the cemetery during my stay. Theresa & Jerry
