“ I'm so saddened to hear about your mom. I will always remember your mom as being a very spunky lady!! When we were kids she would get mad at us (not in a mean way) when we would ding dong ditch our neighbors on Kenloch...She never understood why we liked doing that so much, lol. She will be greatly missed!

“ Dear Silvija, George, Milka, and the rest of family, kumovi, prijatelji... deepest sympathy on the loss of our dear Olga. Mama Zora, Miroslav and I respected her very much and appreciated her friendship and love from the time we met at Gracanica while Silvija and George were still small. While our lives took different paths and we did not connect so often, I felt I had a forever friend who cared about me and my family as much as I did about her and her family too. I always felt the deep love she had for her family but she loved us all and our children. Her heart just grew bigger to fit everyone in. I was impressed by her calm grace no matter what happened. I knew she had health issues but whenever I saw her it was not about her but about everyone else. Therefore I was shocked by the sad news because I've come to expect she will battle and conquer each obstacle that comes her way. I guess God wanted her to rest and take away her pain. She deserves it. She will be watching with that soft smile that her Silvija and George have and love each other and that they are a part of a big, loving family. I know that she would do whatever she can do take on your pain and bear it herself but that's not for her to decide. Vjecnaja Pamjat dear Olga.

“ *Our deepest sympathy for the loss of Olga. She was a sweet lady & I have fond memories of her waving & stopping to visit while she'd walk by. We have since moved from Arthur Ave, but have not forgotten our dear neighbors.*
