“ I check in every now and then. When we die we disappear in the history of time. But during a few decades a person is remembered by people they touched. I wish I had found Trish, who I knew in the 80s, before she passed. I was too late. I do not believe in an afterlife so I can only speak to those who knew her. I was a friend and we had fun. What more can I say?

“ driving to Chicago at 5:00AM for early CTscans that culminated in appointments with Dr.Raizer where our "road and pony show" would take place,with you,Kathy Pieri and me as wing man.Though Comedy Central never gave us a call we at least amused ourselves and Dr.Raizer aka Ron Dermer thus bringing some levity to a very serious situation.I miss our long fone conversations even tho you hung up on me on occasion.However I do take comfort that you are in a "better place"...just know you are loved and will be missed....Your friend,Lynette...

“ Many memories of Trish and her family and all of the Knollwood group. Time has put too much distance between us all. Very sorry to hear of her passing. Many thoughts go out to her Mom. Lesley Rudolph, Jeff and Dianne

“ Dear Mrs. Lenzini, I have just learned of Trish's passing. What an amazing and wonderful daughter you raised. She gave so much to her friends, neighbors and new acquaintances and I always enjoyed her honesty. We were soul sisters about being truthful...in a kind way. My God comfort you in the knowledge she is healed and perfectly whole in her exhaled eternal state.

“ I was just thinking about a special day I had with Trish visiting a sculpture park in the south side suburbs. She was not my girl friend but was my girl "friend" and we shared a number of art and architectural adventures in the mid-1980s. I've never really been able to locate her in all these years, but I thought I'd type in her unique name again, and this came up. This hit me very hard, she was a very wonderful person and I'm sorry her life ended so young. Best to her family and all that knew her.
