“ My sympathies go out to Patrick's family and friends. I worked with Patrick for many years starting with Automed. He was an awesome co-worker and a respected member of our team by all. As a training manager, I used to give my product tests to Patrick so he can help evaluate them. I will never forget when he answered how to clean a heat roller. He wrote down with a barbecue brush! We had a good laugh over many years with that one. I am so very sorry about his loss. Rest in peace, Patrick.

“ My deepest condolences to the Stewart family. I've known Pat from my days at Automed/AmerisourceBergen. I had the pleasure to work with him for many years. As many already said, he was a great person, a good leader and well respected by his peers. He was a great mentor to me. Many great work memories to remember. He loved his family deeply, he will be missed by all of us. My thoughts and prayers are with you all.

“ *Ms. Lisa, John Boy, & Mary Kate; My deepest sympathy and peace to you and yours.*

Mr. Patrick Stewart was a close friend of my Dad, Eddie Walsh. I recall visits and stays that both of our family's would make that made great company.

I grew fond of Pat's incredible cool, calm, and collected perspective and outlook on life and his beloved family.

It is never easy losing a friend. It is never easy watching my Father lose a friend, though I trust that they will meet again.

Until then, Paddy Boy; May God Hold You In The Palm of His Hand.

*Peace,
Joey Walsh & Family*

“ I met Pat in November of 2004 when I started my job at AutoMed. As a Bostonian moving to the Midwest I had always heard people speak of Midwestern values. Coming to know Pat over the past 15 years he personified Midwestern values. He was neighborly and friendly from day one always offering to help in any way he could. As our friendship grew I learned more about Pat. His love of his family was clearly evident. He often talked about his wife Lisa, son John and daughter Mary Katherine (Maka). You could tell from the stories he shared that his family was the center of his Pat's life.

At work he was liked by everyone. Pat was a cup half full guy. He was always positive, had a wonderful sense of humor and was a great story teller. He was always willing to share his thoughts on how to solve a business issue or challenge. He was a thoughtful leader who cared about his team members and his customers.

As we move through our careers we often grow distant from the friends we have worked with in the past.. Fortunately that was not the case with Pat and me. We talked often and met for coffee or lunch from time to time. I'll miss my friend deeply.

Keeping Patrick and the Stewart family in my prayers.

“ We talked often and were very close. Pat and I went to each other's families Celebration of Life. I was at his Dad's, He was at my Son John's.

We were together on 9/11 preparing to present to the State of California which was cancelled. Couldn't get a plane so we drove to SoCal and I got to give him the run down on the State. He fired me a couple of times and I quit a couple. Then we had a couple of beers.

I miss him alot and will keep him, Lisa and the kids in my prayers in daily Mass.

Lisa, if you need anything I will help you anyway I can. Love, Sully

“ News like this is never easy to receive. My heart goes out to family and friends. We worked together for several years. While we were not close friends, we did share many a meal, a few beers, work trips and good conversations. I very much respected Pat, his love of family, and his balanced approach to life. I learned from him and I appreciated his availability and advice. He truly stood out as an ethical guy and all around good human being. I know he will be missed dearly. Sending prayers and love to the family...

With Sympathy,

“ I got to meet Patrick through a mutual friend. He was just truly a good man. In your lifetime if you get to meet Such a good person ,it enriches your life. It was my honor to be called his friend. Every time I came to Chicago or went on golf trips with STEWY , It was like being with a brother. God rest your soul and I know the gates opened up wide. I will remember you my friend for the rest of my life —thank you for including me in yours. Al Vento, “PIZZA”— from Pittsburgh.

“ Received word today on your passing Patrick. It was great knowing you at work for those years. You always welcomed me in your office if I was passing by and you always stopped to say hi if you saw me on the production floor. I'm so sad, you were one of the good guys in this world.

“ I'm so sorry for your loss. I worked with Pat at AutoMed/AmerisourceBergen and at Capsa. We spent many hours on the road at trade shows and visiting customers. We had swimming and Iowa in common and had many personal conversations. Pat was a genuine good guy from Iowa. He could cut through politics and situations with his open communication style, and make everyone feel at ease. I'm fully expecting that our paths would cross again and am very sorry to hear this news. I'll miss you Pat!

“ So sorry to hear about Pat. My sincere condolences to his family. I remember him with great fondness from grade school and high school. He was a friend and teammate on the high school swim team. He was a wonderful to be around, a great competitor and incredibly fast — and this was back before the high school had a pool so we practiced at the YWCA. Grateful that I knew him, and for how much he taught me. The smile in his photo is very much as I remember his smile when he was younger.

“ My condolences to the Stewart family. I worked with Pat at AmerisourceBergen Technology Group for a number of years and liked him very much. Actually did play a 9-hole round of golf with him one time after work. He was easy to work with and very pleasant in personality. An all-around solid guy and I wish him peace in God's arms.
