“ Craig and Stephanie, we were so sorry to hear about the passing of your mom, Penny. Although we haven't seen her in about 4 years, we spoke with her a few times after your father passed. We have been trying to find her for about a year and were unable to do so. We will always count them both as very dear friends and our condolences go out to both you, and your families.

“ Penny was my big sister. I spent most of my childhood wanting to be her and my adulthood grateful to have her in my life. All families have growing pains but no matter what, are still always family. As I now watch my family again become smaller, I treasure my memories over the years and am happy that she no longer suffers with what had become the unkindness of such a debilitating existence. I love you Penny with my whole heart and will miss you very much ?
