“ Bob and I met when we started working together at E&M Contractors. (My Fathers business) I was just 13 and he was 18. We worked together for about 3 years. He put up with me and my (I have all the answers at 13) because I was the Owners Son but we soon became friends. Bob got his 150 Operators card while working at E&M and moved on to work elsewhere over the years. For many years Bob would stop by my Parents house on rainy days off to have coffee with my Mother. They enjoyed each others company. We remained friends and kept in touch over the years. We moved out of state but my Parents would call him now and then to see how he was doing. I learned a lot from Bob about operating heavy equipment and about life. He was a good man. I have nothing but very fond memories. He was a big brother to me. I have and will miss Bob. RIP Big Brother.
