“ Dear Ross family:
Ruth and I worked together in the office of the United Methodist Church of Libertyville for 4 years, and remained good friends afterward. She was skilled, generous with her time and talents, compassionate and a hard worker, caring deeply for her family and friends, and all the people and ministries of UMCL. She was a wonderful friend, someone I could always talk and share with, and she would even remember my son each Christmas along with her own nieces and nephews. She will be greatly missed by all who knew and loved her, but she certainly left us a legacy of faith and love.

“ While I never had the opportunity to work closely with Ruth, I certainly remember her working at AHSC. I was privileged to be an instructor in the internal programmer training classes we used to onboard the many bright, outstanding people we hired as graduates from NIU of whom Ruth was one. She made a difference in the business along with her many contemporaries. I am so sorry to hear that she has passed away.

“ *I was Ruth's Secretary about 20+ years ago and I have many fond memories of her. She encouraged and mentored me to grow in my capabilities, which meant an increase in wages which came just as my daughter was entering college. Needless to say, Ruth attended her graduation party! And I still have several mementos she brought to me from business trips... She was a giver in so many ways! The funeral was a great tribute to her. So sorry she had to leave this earth at such a young age, but she left a legacy!*

“ Dear Ross Family, I have many fond memories of growing up with all the kids. Our parents were close friends and I will never forget the Friday night we would spend together while they went bowling. Playing Barbie dolls in the bedroom, card games, having chips and dip and chasing after Cheryl and Howie. I remember having home make ice cream outside the back porch, and playing in the big yard behind your house. In later years, while in High school, Ruth was a Thespian and I remember all the plays we worked on together. She was a sweet heart for sure. I know she will be missed my many who loved her.

“ Ruth was a caring loving human being who touched my life once every year for at least 10 years in the nineties. She came to Wisconsin with my sister and worked my craft show for the weekend. She would do her shopping early in the morning in her pajamas before we opened the house to the public. I loved her excitement about her purchases and her appreciation for my creativity. I will never forget her loving spirit and her kindness to my family. My love to all of the family, Janet (Schneiberg) Gagan
