“ We are so sad to hear of Michael’s passing. His friendly smile and kind manner are remembered well. His words of wisdom and his passion for teaching have made an impact and will always be remembered! I am so sorry for the loss of his family and for the loss of the Montessori community at large. May he be having strudel from his favorite little town in Germany while philosophizing with Dr. Montessori, and watching over his family in peace and love. Thinking of you Louise and sending strength your way in this very sad time.
